

CEREBRAL PALSY | INSTITUTE

# Seating and Positioning

The practical guide to assessment and prescription

## ORDER FORM

An exciting new interactive CD-ROM to support ongoing learning in the field of seating and positioning intervention.

- Develop and refine your clinical seating assessment skills
- Move easily from theory to practice with visual tools and interactive activities
- Self tests after each unit to assess your level of understanding
- Reinforce your skills with case studies
- Based on best available evidence and adult learning principles.

\$A250 (includes GST No P&H charge) for orders within Australia  
 \$A260 (no GST includes P&H charge) for orders outside Australia
